Policy on Sick Children (HS 44)

1. Regulations are quite specific with regard to sick children.
2. We expect a sick child to stay home – even for a cold, for the first 3 days at least.
3. If staff notice an unwell child we will contact the parent / emergency contact for information requesting an immediate pick up if necessary.
4. The child will be isolated (with a staff member) if necessary until the parent/emergency contact arrives.
5. Staff have a Sick Child Procedure as a guide.
